\*1. cMT3161X is a standard model.

\*2. From now until August, 31st 2022, Dashboard may only be used, free of charge, with cMT X units that have been activated with EasyAccess 2.0. Beginning September, 1st 2022, regular licensing and fee apply.

\*3. Except for cMT3092X / cMT3152X that have built-in EasyAccess 2.0, license for EasyAccess2.0 needs to be purchased separately.

\*4. AWS IoT, Sparkplug B, Azure IoT Hub, Google Cloud IoT Core.

\*5. SIEMENS MPI Driver is not supported on cMT3072X.
